“ I will miss you my sweet sister. You know I love you and I know you love me. We didn't do a lot of visiting but you knew I was close by and you could call me day or night. If I had anything you needed all you had to do was ask. I wish I could make you one more squash casserole because you and Robert loved it so much. I know I'm rambling but I just don't know what to say except I love you, I miss you and you are a one of a kind special person. So loving and caring and giving. I will see you again one day and in our brand new bodies.

“ You were one of the first I met in P.S.102 40yrs ago and instantly became one of best friends. No matter the distance between us, after 40yrs later we maintained what could never be broken. No one can imagine my pain as I write these words, but til we meet again, I love you Mita, rest in peace

“ It started with me being scared of you to me being a family member. You always treated me like I was your other child from spending money on me to defending me. You always came thru by any means. I remember you already moved to ga and I was broke and hungry next thing i know i had dominoes at my door with a soda. Birtbdays you baked me cakes gave me money. I could name a bunch of things. I wish i could have gotten more time with you to bother you to tell you i miss you but most importantly thank you. I am gonna miss you ,you were strong you fought thou. Watch over me but most importantly my cari. May your soul forever rest in peace i love you mita your giggles

“ Robert, my thoughts and prayers will be with you and your family Friday. I am truly going to miss seeing your mama riding around through Walmart. I thought so much of her and it breaks my heart to know she is no longer with us. Have comfort in knowing she will be looking down on you and is no longer in pain. Praying for God's strength and comfort in the days ahead. Love to you and family
