“ To have met Dwight was definitely to have had a laughable moment. Always smiling while saying exactly how and what he felt very honest. I like to send my condolences to the family and send my bonus sisters and brother the biggest hug ever as they travel this journey. Mutee the relationship I've watched between you and your father was truly beautiful, genuine, and sooooo strong. It's like when I would hear or see you talk to him it's like you two were the only ones that exist in those moments; it was just so cute. Take your time and heal at your own pace. Each day will be a different process, but look to the hill from which cometh our help and strength. I love you all and may God continue to provide and be your strength everyday.
