“ To my great grandmother,  
I would like to start off by saying that you've taught me to be the best that I can be in life and I will always remember the great advice that you gave to me. I've enjoyed seeing how strong of a woman you were as I grew up, I pray to be as strong as you were. You've always made me smile and laugh, your jokes were really hilarious. I am thankful for all the time I was blessed to spend with you! Thank you for loving me and caring for me, you are the best great grandmother!! You will truly be missed and forever be in my heart.  
I love you always,

“ Hello,

*I would like to share my experiences of this great family, They say it takes village to raise a family, I have a different saying it takes a GREAT family to raise a village. The foundation has to be strong enough to withstand issues of life and with a strong foundation the family will continue moving forward.*

*I have only know the family for about a year and I have witness the greatest efforts on how to care for a family member, how to live and care for what's most precious in life which is our Senior/Leaders of our family.*

*The stories that were shared with me about Mrs. Flosse Washington are incredible and has given me inspiration and brings a smile when I sit and watch everyone meet in one home and focus on keeping Mrs. Washington HAPPY and very comfortable .*

*I can continue and share all of the great things I've witnessed but I will end here with the following.*

*To the Family,*

*You've done an EXCELLENT job in my eyes and the VERY BEST for Mrs. Washington*

*To Mrs. Flossie Washington*

*You are in a BETTER place and may GOB BLESS YOU!!!!*
