My Condolences to you and your families. Mrs. Josie and my beloved mother (Delia) were not only neighbors but were friends for many many years until her passing. And I know in my heart of heart they are once again neighbors and friends in Heaven.

Mrs. Josie is truly going to be missed, but dearly remembered for the loved she had for her children and grandchildren. As dark as it may seem right now just know heaven is shining brighter because of her. It will take some time to get over such a great loss, but earth has no sorrow heaven can't heal.

*Love always,

“ *Sending my sincere condolences to the Nicole ,Mel and all the grandchildren. Josie and I were first cousins. Her father and my mother were siblings. Josie and I often talked about relatives in an attempt to explore and put together a family tree. She was able to give me names of relatives I didn't know and ask me to start the process. She was the only person on my mother's side of the family who knew some of our relatives. So now she's left me with the task of following through with our family research. I will try to do my best cousin, Josie and will surely miss our conversations. May you rest in peace next to Cousin William.

“ My Dear Cousin, thank you for being so very sweet and sharing funny lifetime memories. May you Rest In Peace.

Josie's Dad and my mother were brother and sister and as children we spent lots of memorable times as family. Although we can never retrieve those times I will forever keep them etched in my memory bank. So, to her children, grandchildren and brother may you know the fullness of God's Love just as Josie! Love you much!
