“Dad you were one of this world's greatest father's. We were so glad to have the LORD place us in your care on this side. We will miss all the family gatherings and listening to you tell about so many things... especially the holidays when we would gather around you and have you talk and all of us just laughed until you stopped talking! We truly loved our time together. You are missed even now...thank you for instilling in us the love of the word of GOD. See you daddy..."on the other side!"
