“ *THE HOLY SPIRIT IS OUR INTERCESSOR Romans 8:26–28, Sometimes, when our healing is not forthcoming, we just don’t know what else to pray. We’ve prayed from every angle we know how, using all the scriptures we know of, and yet, there doesn’t seem to be any breakthroughs. God has given us a weapon that will break down every barrier. It’s praying in tongues. When you don’t know what to pray, pray in the Holy Spirit and allow Him to intercede for you. He knows exactly what the problem is and what the best solution is. He will not just plead for us in harmony with God’s will, but He will also rest our weary soul (Isaiah 28:11–12) WE will just allow the HOLY SPIRIT to intercede for us, and see God cause everything to work together for the good of our bodies and health! HALLELUYAH. I didn’t share alot of time with u sis, but God knew or knows our hearts. I am sending prayer to the family. Lettin u know look to the heals which come our help. It comez from God. May God be with u all.*

“ *Lyrica is such a beautiful name.*

I had the privilege of meeting Lyrica's mom. We spoke of our shared faith in Christ Jesus and of Lyrica's illness. I am praying for all who knew and loved Lyrica.
