“ Marquel, I just wish I could hear your voice just 1 more time. It's just crazy how one minute your here and the next your gone. I'm gone miss our long conversation on the phone. Lord knows this just hurt my heart. Even though I'm gone miss you I'm just happy that your better off than us. I remember all the good times we shared. We would walk together every day after school and walk up to East broad so you can get your siblings and I would go get my niece and nephews. Those was the good old days.. Just take your rest and I will see you again one day.
Love always,
Your neighbor, your classmate and your friend.

“ *Marquel , I'm truly going to miss you so much and I wish that I could have heard from you one last time. Ever since we became friends back in 2013 you always showed me so much love. And I wish we got a chance to see each other again just to talk and laugh for hours. I wish I didn't have to find out online that you passed away. You will be truly missed my friend and I send prayers to your mother and family. Love always A great friend*
