“Michelle , You and I are true Walmart shoppers ,Every-time we would run into each other it would be in Walmart. You would have Brenda with you ns she would always be grinning hahah. Then we would ask each other what we were buying . You always asked how the kids were doing and always had a smile on your face . This is how I will always remember you as a Sister . When we needed each other ,we came together to support our sister in need at the time . It was amazing to just see the smile on your face when we talked about things and our families. But God knew that he needed you at this time , We will always remember you and I thank you for always being the true person you were . God Bless You !!!!
